NC	Peter CUNNINGHAM												

Dynamic Trial Super Section, how it works.

Two riders go head to head over the entire 8 Sub Section loop.

Riders start at opposite sides of the course and complete a complete loop returning to their start point.

The Trial is a combination of riding penalties and time.

For each riding penalty 5 points are accrued. For each second 1 point is accrued.

A Handicap is calculated on the average of the best times in each class from the Dynamic Trial class results.

	Denotes class Dynamic 1
	Denotes class Dynamic 2
	Denotes class Junior B

The riders with NC in the Place column rode Non Competitive on Recreational Licenses.
